SecuritySystems^{LTD}

Control Panel with Integrated Keypad CP-40-K / CP-40-T

40 zone stand alone wireless panels. Available with either an integrated LCD Keypad or upgrade to a touchscreen keypad.

Motion Detectors 200 Series Detectors

Digital signal processing provides superior detection performance and improved false alarm immunity. Interchangeable cartridges enable easy upgrading across the range. Standard PIR, Quad, Dual Technology and Pet Friendly versions available. Grade 2 and Grade 3 versions available.

Covert Magnetic Contacts W-MC-C

An ultra compact wireless contact and magnet small enough to be installed in almost any location, including in uPVC window frames. Frequency hopping technology, simple enrolment, and a true battery reading makes this the most compact, reliable and easy to install contact available. 3 different colours offered to suit every property.

External Sounder W-ES-120 Sounder

This acts as a highly visible deterrent to inform potential intruders that the property is protected. It emits a 115-decibel alarm siren if the alarm system is triggered.

ControlPlus App

The ControlPlus App gives users complete visibility of their system, including camera streaming, allowing total operational control, system event notifications and monitoring from anywhere, at any time.

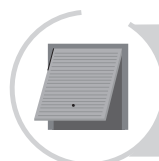

Alarm Notifications
Break-in, fire, flood etc

Family Care
Reassurance that young or elderly relatives are safe & well

Set & Unset
your system remotely

Remotely Control
Garage doors, gates, CCTV, lights etc
